[redacted] mother has [redacted] coerced into [redacted] that everything [redacted] can be [redacted] is being [redacted] by those [redacted] the doing, [redacted] these supposed [redacted] doing the [redacted] that needs [redacted] be done [redacted] limited in [redacted] mental ability [redacted] grasp the [redacted] depth of [redacted] situation, and [redacted] in their [redacted] menial liberties [redacted] rather more [redacted] of cajoling [redacted] poor woman [redacted] flattery and [redacted] albeit not [redacted] not doing [redacted] that can [redacted] done, nor [redacted] enough are [redacted] inefficient doers [redacted] doing what [redacted] should have [redacted] ago done [redacted], at least, [redacted] be now [redacted] but in [redacted] brute intellects, [redacted] being too [redacted] blind and [redacted] mute to [redacted] that much [redacted] can and [redacted] have been [redacted] long ago, [redacted] all of [redacted] ineffective weak-minded [redacted] busily not [redacted] anything—much [redacted] doing enough—[redacted] far too [redacted] and pedantic [redacted] do much [redacted] any different [redacted] they are [redacted] doing—if [redacted]—as those [redacted] them hadst [redacted] haply doing [redacted] moment one… [redacted] along, following [redacted] genius after [redacted]… each cautiously [redacted] the footsteps [redacted] by those [redacted] were before [redacted], revisiting the [redacted] errors, numbly [redacted] one-after-another and [redacted] along the [redacted] of a [redacted] cow to [redacted] they've established [redacted] monument to [redacted] ignorance and [redacted] floggery of [redacted] flea-bitten nag [ ] [redacted] given us [redacted] beholden in [redacted] of admiration, [redacted] the form [redacted] a crowd [redacted] people incredulously [redacted] together to [redacted] stood up [redacted] fallen pillar [redacted] this polite [redacted]—it (i.e. [redacted] column) bearing [redacted] impressive mark [redacted] a small [redacted] hand on [redacted] verso side ([redacted] if halting [redacted] single-purposed progress—[redacted] them in [redacted] activity that [redacted] of not [redacted] a stone [redacted], rather, keeping [redacted] from toppling): [redacted] the gross [redacted] *viz.* the [redacted] 'artwork' (in [redacted]), which, as [redacted], seems be [redacted] so appears [redacted] be made [redacted] a crowd [redacted] metal-forged people [redacted] support of [redacted] fallen pillar [redacted] society…: a [redacted] in the [redacted] of the [redacted] is it [redacted] them to [redacted] those poorly-forged [redacted] as erecting [redacted] pillar… for, [redacted] truth, it [redacted] just as [redacted] as not [redacted] a bunch [redacted] fools trying [redacted] stop a [redacted] of society [redacted] toppling… toppled [redacted] an unseen [redacted] hand.

[redacted] impressive Asherah [redacted] to the [redacted] of the [redacted] is not [redacted] ugly to [redacted], having no [redacted] artistry in [redacted] from its [redacted] in the [redacted] the obviously [redacted] sculptor (*i.e. having no real talent, which is true of most artists today*), to [redacted] purposelessness of [redacted], in being [redacted] costly pile [redacted] garbage glad-handedly [redacted] outside the [redacted] Police Station [redacted] set up [redacted] monument to [redacted]!?—to the [redacted] smirk of [redacted] smarmy ego [redacted] the dissolute [redacted] [redacted] corporation of [redacted] City. They—[redacted] pretenders in [redacted]—have long [redacted] of 'its' [redacted] relationship to [redacted] missing child [redacted] which their [redacted] cow industry [redacted] missing children [redacted] so set [redacted]—as I [redacted] ago pointed [redacted] out to [redacted]! So… why [redacted] it still [redacted] there—if [redacted] for their [redacted] as a [redacted] in the [redacted] of 'peoplekind' [redacted] a big [redacted] 'keystone' fish [redacted] hands of [redacted] "candyman" cajoling [redacted] the gutters, [redacted] all the [redacted] tish of [redacted] upper class [redacted] drained and [redacted], and the [redacted] stench of [redacted] mephitic rancour [redacted] the nostrils [redacted] all us [redacted] freeborn true-hearted [redacted] upon which [redacted] foul rich [redacted] have established [redacted] 'bankrupt' civilization [redacted] the expense [redacted] our ancestral [redacted].

[redacted] example: Your [redacted] is illicit [redacted] a passive-aggressive [redacted] of the [redacted] territorial lands—[redacted] said—by [redacted] everywhere of [redacted] lands of [redacted] peoples upon [redacted] the Newly-Dead / [redacted] Kosher City [redacted] Shit is [redacted]. This is [redacted] a joke [redacted] be taken [redacted] lightly by [redacted] fools, wishing [redacted] uneducated masses [redacted] stupid people [redacted] your admonitions [redacted] great aspirations [redacted] good intention [redacted] the conquered [redacted] and their [redacted] land. This [redacted] hereby proclaim [redacted] as there [redacted] any relevance [redacted] this statement, [redacted] its intended [redacted], to the [redacted] main interest [redacted] this letter—[redacted] you—begging [redacted] in all [redacted] and dignity [redacted] fell the [redacted] monument, in [redacted], and forthwith [redacted] that 'the [redacted] maketh appropriate [redacted]—spiritually—there-at, [redacted] that spot, [redacted] y'all go [redacted] jerking each [redacted] off and [redacted] some other [redacted] dildoish monument [redacted] your worldly [redacted]

[redacted] high mucky-mucks [redacted] smear all [redacted] candy onto [redacted] hits you [redacted] us… but [redacted] still the [redacted] this!

The [redacted] has been [redacted] into believing [redacted] everything that [redacted] be done [redacted] being done [redacted] those doing [redacted] doing, but [redacted] supposed doers [redacted] the doings [redacted] needs must [redacted] done are [redacted] in their [redacted] ability to [redacted] the true [redacted] of the [redacted], and them [redacted] their dumb [redacted] liberties are [redacted] more fond [redacted] cajoling the [redacted] woman with [redacted] and generosity [redacted] not only [redacted] doing everything [redacted] can be [redacted], nor intelligent [redacted] are those [redacted] doers not [redacted] what they [redacted] have long [redacted] done or, [redacted] least, shouldst [redacted] now doing [redacted] in them [redacted] intellects, incredulously [redacted] too spiritually [redacted] and mentally [redacted] to realize [redacted] much more [redacted] and should [redacted] been done [redacted] ago, and [redacted] of those [redacted] weak-minded doers [redacted] not doing [redacted]—much less [redacted] enough—are [redacted] too stupid [redacted] pedantic to [redacted] much more [redacted] different than [redacted] are now [redacted]—if so—[redacted] those before [redacted] hadst been [redacted] doing since [redacted] one… all [redacted], following one [redacted] after another… [redacted] cautiously filling [redacted] footsteps made [redacted] those which [redacted] before them, [redacted] the same [redacted], numbly following [redacted] and dragging [redacted] the carcass [redacted] a cash [redacted] to wit [redacted] established a [redacted] to their [redacted] and witless [redacted] of that [redacted] nag [ ] and [redacted] us to [redacted] in admonishment [redacted] admiration, *in* [redacted] form of [redacted] crowd of [redacted] incredulously forged [redacted] to keep [redacted] up a [redacted] pillar of [redacted] polite society—[redacted] (i.e. the [redacted]) bearing the [redacted] mark of [redacted] small child's [redacted] on the [redacted] side (as [redacted] halting their [redacted] progress—halting [redacted] in their [redacted] that is [redacted] not standing [redacted] stone but, [redacted], keeping it [redacted] toppling): Hence [redacted] gross thing [redacted] the so-called [redacted] (in question), [redacted], as said, [redacted] be or [redacted] appears to [redacted] made as [redacted] crowd of [redacted] people in [redacted] of the [redacted] pillar of [redacted]…: a mistake [redacted] the mind's [redacted] the masses [redacted] it for [redacted] to beseem [redacted] poorly-forged persons [redacted] erecting a [redacted]… for, in [redacted], it couldst [redacted] as easily [redacted] not be [redacted] bunch of [redacted] trying to [redacted] a pillar [redacted] society from [redacted]… toppled by [redacted] unseen cherubimic [redacted].

This [redacted] Asherah monument [redacted] the Moloch [redacted] the City [redacted] not only [redacted] to behold, [redacted] no true [redacted] in it [redacted] its conception [redacted] the mind [redacted] obviously university-educated [redacted] (*i.e. having no real talent, which is true of most artists today*), to its [redacted] of being, [redacted] being a [redacted] pile of [redacted] glad-handedly established [redacted] the City [redacted] Station purposefully [redacted] up as [redacted] to what!?—[redacted] the inflationary [redacted] of much [redacted] ego within [redacted] dissolute nigh-bankrupt [redacted] of the [redacted]. They—these [redacted] in denial—[redacted] long known [redacted] 'its' suggested [redacted] to the [redacted] child upon [redacted] their cash [redacted] industry of [redacted] children was [redacted] set up—[redacted] I long [redacted] pointed it [redacted] to them! [redacted]… why is [redacted] still standing [redacted]—if not [redacted] their amusement [redacted] a slap [redacted] the face [redacted] 'peoplekind' by [redacted] big wet [redacted] fish in [redacted] of a [redacted] cajoling in [redacted] gutters, wherein [redacted] the 'bum' [redacted] of the [redacted] class hath [redacted] and pooled, [redacted] the stinking [redacted] of it's [redacted] rancour taxes [redacted] nostrils of [redacted] us impoverished [redacted] true-hearted folk [redacted] which you [redacted] rich people [redacted] established your [redacted] civilization at [redacted] expense of [redacted] ancestral [redacted].

For [redacted]: Your ignorance [redacted] illicit in [redacted] passive-aggressive mocking [redacted] the occupied [redacted] lands—so [redacted]—by you [redacted] of the [redacted] of Native [redacted] upon which [redacted] Newly-Dead / Nearly-Wed [redacted] City of [redacted] is established. [redacted] is not [redacted] joke to [redacted] taken so [redacted] by you [redacted], wishing the [redacted] masses of [redacted] people acclaim [redacted] admonitions as [redacted] aspirations of [redacted] intention towards [redacted] conquered people [redacted] their stolen [redacted]. This I [redacted] proclaim not-so-much [redacted] there be [redacted] relevance in [redacted] statement, and [redacted] intended meaning, [redacted] the purposeful [redacted] interest of [redacted] letter—to [redacted]—begging you [redacted] all grace [redacted] dignity to [redacted] the obscene [redacted], in permanence, [redacted] forthwith contend [redacted] 'the golem' [redacted] appropriate restitution—[redacted]—there-at, on [redacted] spot, before [redacted] go about [redacted] each other [redacted] and erecting [redacted] other such [redacted] monument to [redacted] worldly B.S.

You [redacted] mucky-mucks can [redacted] all the [redacted] onto the [redacted] you force-feed [redacted]… but it's [redacted] the same [redacted]!

The mother [redacted] been coerced [redacted] believing that [redacted] that can [redacted] done is [redacted] done by [redacted] doing the [redacted], but these [redacted] doers doing [redacted] doings that [redacted] must be [redacted] are limited [redacted] their mental [redacted] to grasp [redacted] true depth [redacted] the situation, [redacted] them in [redacted] dumb menial [redacted] are rather [redacted] fond of [redacted] the poor [redacted] with flattery [redacted] generosity albeit [redacted] only not [redacted] everything that [redacted] be done, [redacted] intelligent enough [redacted] those inefficient [redacted] not doing [redacted] they should [redacted] long ago [redacted] or, at [redacted], shouldst be [redacted] doing but [redacted] them brute [redacted], incredulously being [redacted] spiritually blind [redacted] mentally mute [redacted] realize that [redacted] more can [redacted] should have [redacted] done long [redacted], and all [redacted] those ineffective [redacted] doers busily [redacted] doing anything—[redacted] less doing [redacted]—are far [redacted] stupid and [redacted] to do [redacted] more any [redacted] than they [redacted] now doing—[redacted] so—as [redacted] before them [redacted] been haply [redacted] since moment [redacted]… all along, [redacted] one genius [redacted] another… each [redacted] filling the [redacted] made by [redacted] which were [redacted] them, revisiting [redacted] same errors, [redacted] following one-after-another [redacted] dragging along [redacted] carcass of [redacted] cash cow [redacted] wit they've [redacted] a monument [redacted] their ignorance [redacted] witless floggery [redacted] that flea-bitten [redacted] [ ] and given [redacted] to beholden [redacted] admonishment of [redacted], *in* the [redacted] of a [redacted] of people [redacted] forged together [redacted] keep stood [redacted] a fallen [redacted] of this [redacted] society—it ([redacted] the column) [redacted] the impressive [redacted] of a [redacted] child's hand [redacted] the verso [redacted] (as if [redacted] their single-purposed [redacted]—halting them [redacted] their activity [redacted] is of [redacted] standing a [redacted] but, rather, [redacted] it from [redacted]): Hence the [redacted] thing *viz.* [redacted] so-called 'artwork' ([redacted] question), which, [redacted] said, seems [redacted] or so [redacted] to be [redacted] as a [redacted] of metal-forged [redacted] in support [redacted] the fallen [redacted] of society…: [redacted] mistake in [redacted] mind's of [redacted] masses is [redacted] for them [redacted] beseem those [redacted] persons as [redacted] a pillar… [redacted], in truth, [redacted] couldst just [redacted] easily as [redacted] be a [redacted] of fools [redacted] to stop [redacted] pillar of [redacted] from toppling… [redacted] by an [redacted] cherubimic hand.

This impressive [redacted] monument to [redacted] Moloch of [redacted] City is [redacted] only ugly [redacted] behold, having [redacted] true artistry [redacted] it from [redacted] conception in [redacted] mind the [redacted] university-educated sculptor (*i.e. having no real talent, which is true of most artists today*), [redacted] its purposelessness [redacted] being, in [redacted] a costly [redacted] of garbage [redacted] established outside [redacted] City Police [redacted] purposefully set [redacted] as monument [redacted] what!?—to [redacted] inflationary smirk [redacted] much smarmy [redacted] within the [redacted] nigh-bankrupt corporation [redacted] the City. [redacted]—these pretenders [redacted] denial—have [redacted] known of [redacted] suggested relationship [redacted] the missing [redacted] upon which [redacted] cash cow [redacted] of missing [redacted] was so [redacted] up—as [redacted] long ago [redacted] it out [redacted] them! So… [redacted] is it [redacted] standing there—[redacted] not for [redacted] amusement as [redacted] slap in [redacted] face of [redacted] by a [redacted] wet 'keystone' [redacted] in hands [redacted] a "candyman" [redacted] in the [redacted], wherein all [redacted] 'bum' tish [redacted] the upper [redacted] hath drained [redacted] pooled, and [redacted] stinking stench [redacted] it's mephitic [redacted] taxes the [redacted] of all [redacted] impoverished freeborn [redacted] folk upon [redacted] you foul [redacted] people have [redacted] your 'bankrupt' [redacted] at the [redacted] of our [redacted] contributions.

For example: [redacted] ignorance is [redacted] in a [redacted] mocking of [redacted] occupied territorial [redacted]—so said—[redacted] you everywhere [redacted] the lands [redacted] Native peoples [redacted] which the [redacted] / Nearly-Wed Kosher [redacted] of Shit [redacted] established. This [redacted] not a [redacted] to be [redacted] so lightly [redacted] you fools, [redacted] the uneducated [redacted] of stupid [redacted] acclaim your [redacted] as great [redacted] of good [redacted] towards the [redacted] people and [redacted] stolen land. [redacted] I hereby [redacted] not-so-much as [redacted] be any [redacted] in this [redacted], and its [redacted] meaning, to [redacted] purposeful main [redacted] of this [redacted]—to you—[redacted] you in [redacted] grace and [redacted] to fell [redacted] obscene monument, [redacted] permanence, and [redacted] contend that '[redacted] golem' maketh [redacted] restitution—spiritually—[redacted], on that [redacted], before y'all [redacted] about jerking [redacted] other off [redacted] erecting some [redacted] such dildoish [redacted] to your [redacted] B.S.

You high [redacted] can smear [redacted] the candy [redacted] the hits [redacted] force-feed us… [redacted] it's still [redacted] same this!
